Fixing profiles and extension profiles

EXTENSION
PROFILE

Extension profiles

Allow extending (expanding) the shower enclosure or door by exactly 2 cm on each side.

Extension profiles are available for the following shower enclosure and door lines: Nexty, Pivot, Blix and Supernova.

Fixing profile

Used for affixing the shower enclosure or door to the wall.

Not sold separately, but included with any product it is required for.

T/AT profile

Used for connecting multiple shower enclosures or doors divided by fixed screens into a row. Suitable for public showers.

Bathtubs

30

30-YEAR
WARRANTY

Comfortable bathing and showering in one

The practical shapes and interior space of all RAVAK bathtubs combine the functions of a bathtub and a shower enclosure into one. When complemented by a bath screen, our bathtubs provide the largest space possible for comfortable bathing and showering.

Top-quality material

RAVAK produces bathtubs using cast PMMA acrylic. Products made from this material retain their shape and do not warp or crack even after long years of use.

They feature a high-gloss, non-porous surface that is easy to clean and boasts antibacterial properties.

Warranty 30 years - The warranty is contingent on the buyer using original RAVAK supports (legs) intended for the given type of bathtub in accordance with the assembly manual.

Comfortable showering in a bathtub

Bath screens ensure showering while standing is comfortable.

Modern design and quality materials

Refined manufacturing processes and material from the best suppliers guarantee our products are of the highest quality.

Keep the bathroom dry

Bath screens prevent water from spraying onto the floor, keeping your bathroom dry and safe after a shower. A bathtub with a bath screen or door is practical for adults, but particularly for children, who love splashing around.

Very simple to install

Installation of the bath screen is very easy and can be done by almost anyone. It is mounted to the wall with only a handful of screws. The screen can thus also be installed into an existing bathroom.

Washbasins and bathroom furniture

5
5-YEAR
WARRANTY

Trendy countertop washbasins

Wide selection of countertop washbasins in various shapes and sizes - the most natural solution for every modern bathroom.

Long life in humid environments

Our furniture is made from a board specially impregnated with AMT (anti-moisture-treatment) technology, so that it lasts even in the humid environment of a bathroom.

Quality metal fittings

Drawers and doors are fitted with an automatic soft-closing system. The entire metal fitting mechanism is tested for 100,000 cycles so that it lasts you a long time.

Delivered assembled - all furniture comes assembled, saving you both time and patience.

Toilets and bidets

10
10-YEAR
WARRANTY

Practicality

The hanging system enables easy cleaning under the product, the concealed mounting facilitates its maintenance, while the detachable seat provides easy access to the entirety of the toilet during cleaning.

Comprehensive accessories

Installation modules, flush plates with a variety of colour and design options and easily removable seats with a soft-close system, all for you to choose from to fully equip your toilet.

Interconnected concepts

Our toilets and bidets (Uni Chrome, Classic) are a part of concepts, meaning their design can match other furnishings of your bathroom.

Faucets

Simpler installation

Washbasin faucets have mounted tubes or our EasyFix system to simplify installation. All our concealed mounting units feature integrated water levels. Installation manuals are printed on every product pack.

Award-winning design

Prestigious international awards for design are a testament that our mission to bring not just beautiful, but also practical and functional products to the market is a success.

Tailor-made care

We developed our own special cleaner, RAVAK Cleaner Chrome, for taking care of chrome-plated faucets. Gently and quickly removes grease and grime without damaging the surface of the faucet.

5-year warranty - our faucets are made from the highest-quality materials and components, primarily of European origin, and our production is subject to multilayered quality control.

Espirit

Standing washbasin faucets have 25 mm ceramic cartridge and flexible 450 mm connecting hoses with a thread diameter of G3/8.

The faucets can be colormatched with the accessories - washbasin waste plugs and waste trap, angle valve, bathtub waste set with Bowden control and shower tray siphon.

Concealed faucets have the code of the compatible R-box in their product name, so you can't go wrong when choosing one.

Faucets
ES 065.00.02.RB07D.+S
ES 068.00.03.RB07D.+S
include a set - hose, hand shower and integrated shower holder.

5

5-YEAR
WARRANTY

Standing washbasin faucets have 25 mm ceramic cartridge and flexible 450 mm connecting hoses with a thread diameter of G3/8.

The faucets can be colormatched with the accessories - washbasin waste plugs and waste trap, angle valve, bathtub waste set with Bowden control and shower tray siphon.

Concealed faucets have the code of the compatible R-box in their product name, so you can't go wrong when choosing one.

Faucets EL 065.00.02.RB07D.+S EL 068.00.03.RB07D.+S include a set - hose, hand shower and integrated shower holder.

Showers and accessories

5
5-YEAR
WARRANTY

Wide variety

Our assortment includes both modern and classic shapes, and all items for completely furnishing your shower enclosure or bathtub.

Tailor-made care

We developed our own special cleaner, RAVAK Cleaner Chrome, for taking care of chrome accessories. Gently and quickly removes grease and grime without damaging the surface.

Sophisticated functionality

Our range includes showers with Air function (water stream enriched with air), with very low water consumption, hoses with EasyTwist mechanism which prevents the hose from twisting, or the EasyClean system for simpler removal of scale from shower nozzles.

RAVAK AntiCalc® technology

The best service comes directly from the manufacturer

An invisible shield against dirt and deposits on the glass

All water except for rainwater and distilled water contains a certain amount of salts. Their deposits, known as scale, can only be removed with great difficulty. They form a chemical bond with the glass and give it an unsightly tint over time. Common chemical cleaning products are entirely ineffective against scale.

Only the patented RAVAK AntiCalc® technology can reliably protect glass from these permanent stains. All RAVAK shower enclosures and screen glass panes are treated with RAVAK AntiCalc® during production.

Glass treated with RAVAK AntiCalc® - water is repelled and runs down the glass.

Effects of water on glass without the use of RAVAK AntiCalc®.

How to use RAVAK AntiCalc® Conditioner?

First, clean the whole glass pane with a detergent (RAVAK Cleaner). Once the glass pane is absolutely clean and dry, use a dry cloth to apply the RAVAK AntiCalc® Conditioner on the inside of the pane and polish it dry.

The glass will regain its water-repelling properties and will require only standard maintenance with degreasing detergents for the next 3 months (depending on the hardness of the water).
